

The Warped 45s are a roots-rock band who blend melancholy with joy and anger with honesty. Their songs have garnered them a dedicated following and a reputation as one of Canada's most promising bands. It's no wonder many critics earmarked them "Destined For Greatness in 2009".

The Warped 45s have honed their own unique style; a mix of greats like The Band and Townes Van Zandt while recalling contemporaries like Wilco and the Gourds.
